Relevant Experience

Front End Developer

Freelance // February 2022 - Present

- Create webpage layouts with HTML5, CSS3, and JavaScript while consulting design specifications
- Take wireframes and turn them into functional, visually appealing websites that prioritize accessibility
- Optimize web pages for speed on mobile devices and cross-browser compatibility
- Solve technical issues that arise to ensure webpages appear accurately across all browsers

HTML Email Developer

Freelance // August 2022 - Present

- Write highly proficient code using HTML and CSS, with a strong understanding of the latest responsive design principles
- Work with multiple types of email clients for mobile, tablet, and desktop platforms
- Make critical design decisions that can accommodate various formatting needs across various devices
- Troubleshoot technical issues quickly and efficiently to develop emails that are aesthetically pleasing and user-friendly

Front End WordPress Developer

Truth and Life Worship Center // Jan 2016 - Feb 2018

- Developed responsive websites using HTML, CSS, and JavaScript to enhance user experience
- Increased new visitor traffic by over 50%, resulting in more in-person visitors to the church
- Leveraged popular plugins such as WooCommerce, Yoast SEO, WPForms, and Jetpack to optimize website performance
- Collaborated effectively with designers, developers, project managers, and clients to deliver successful projects on time and within budget

Figma, Adobe Photoshop

Interests

Producing music, writing, playing basketball, reading, the outdoors

Projects

↗ **Keystone Music Conference Website**

A website built with HTML5, CSS3, and JS promoting an annual music conference that teaches music-lovers how to master their craft.

↗ **Qwestwind Digital Agency Landing Page**

A minimal landing page developed with HTML5, SASS, and JavaScript that showcases the projects of the agency.

↗ **Custom Portfolio Website**

My personal portfolio website housing the above projects (and more), crafted with HTML5, SASS, and JS.
